DEPARTMENT OF KINESIOLOGY AND SPORT SCIENCES

Department Objectives

- Enable students to develop sports skills which they may use for many years in enrichment of their leisure hours;
- Offer students recreational and fitness opportunities;
- Emphasize the importance of lifelong appreciation for fitness and healthful living;
- Provide schools with coaches, physical education teachers, athletic trainers and health education teachers who possess highly developed technical skills, the zeal for educational betterment and personal and cultural qualities which will make them respected citizens of communities in which they teach;
- Prepare persons for professions in the leisure markets, sports management, recreation, fitness, sports medicine, athletic training, and travel and tourism.

Exercise Science and Exercise Science Fitness and Wellness Bachelor of Science Degrees

Application and Acceptance Requirements

Students pursuing a degree in the Exercise Science field must submit an official application for acceptance into the program. Applications must be submitted prior to taking PE 461 Physiology of Exercise. Students must successfully complete PE 150, ENG 102, FSID 110 and have completed, or be enrolled in, PE 310 or BIOL 226 to apply. Requirements for consideration of acceptance into the program include:

- A grade of C or better in PE 310 Introduction to Human Physiology of Exercise or a grade of C or better in BIOL 226 Anatomy and Physiology,
- A cumulative GPA of 2.75 or better, and
- A written letter of application including a statement of goals and aspirations.

Meeting the above criteria will not guarantee entrance into the program.

Applications may be submitted by November 12 or April 12 during the semester the student is enrolled in PE 310 or BIOL 226 (if all other courses have been completed). Please visit the KSS website (http://www.unk.edu/academics/hperls/es_requirements.php) for application requirements.

Faculty will decide on student acceptance by December 15 for spring semester, May 15 for summer and August 15 for fall semester. Students who are not accepted into the program will be required to withdraw from courses in the Exercise Science program and will be notified by e-mail. Students not accepted into the program may re-apply during a subsequent semester and request a personal interview with the core faculty.

Progression in the Exercise Science program is dependent upon earning a grade of C or better in the prerequisite class (e.g. a student earning a C- or lower) in PE 461 would not be able to progress in the sequence).

Athletic Training Education Program

Application and Acceptance Requirements

Upon acceptance into the university, students wishing to enter the Athletic Training Education Program must declare the Athletic Training Major as their field of study. Near the end of the student’s first semester of coursework, they must submit an official application for acceptance into the Athletic Training Education Program. Requirements for consideration of an application and qualification for being granted an interview include:

- Completion of observation experiences,
- A C or better in PE 310 Introduction to Human Physiologic Response to Exercise,
- A C or better in PE 265 Emergency Medical Response (w/ certification),
- A C or better in PE 264 & Lab,
- A cumulative GPA of 2.75 or better, and
- Successful completion of the established application process.

Each student will be required, as part of the application process, to complete an interview with the athletic training education program committee. The program committee will ultimately grant acceptance. Official application must be submitted by a date established during the spring term. Interviews will be scheduled during April of the spring semester for all students who qualify. Notification of full acceptance into the program will be provided once all qualified applications are reviewed. Each applicant will be notified by mail of his or her status. Transfer or students wishing to change to the Athletic Training Program will have their candidacy individually evaluated.

Although each student will be required to complete an established criterion for application, completion of the criteria does not ensure acceptance into the Athletic Training Education Program. Only an established number of positions will be available each year for qualified applicants. The number of available positions is dictated by the number of clinical educators currently present in the program. Ranked cumulative GPA & successful completion of entrance requirements will contribute to the evaluation process that the program committee will use to consider granting acceptance to any applicant. The program committee may utilize all aspects of the student’s first year observation experiences, the results of the interview, the student’s ACT or SAT scores, TOEFL scores, GPA, grades in pre-requisite courses, and each of the components that make up the competency acquisition within pre-requisite courses to assist them in granting acceptance to any qualified applicant. Those students with the highest GPA and who qualify for acceptance as well as demonstrate excellence in each component of their observation / candidacy period will be given first consideration for acceptance.

Transfer or change of major students

A UNK student wishing to change their major field of study or a student wishing to transfer into the program utilizing previous academic or practical experience must provide the program committee with verification of like experiences to that of any student beginning their study as a declared athletic training student. Every such student wishing to apply for admission into the ATEP must present:

- Verification of practical experience under a Certified Athletic Trainer,
- Verification of successful completion of an equivalent Human Anatomy and Physiology course with an accompanying lab,
• Proof of certification in American Red Cross or American Heart Association CPR for the Professional Rescuer,
• Proof of certification in American Red Cross First Aid,
• Successful completion of a course similar to PE 264 Foundations of Athletic Training and Lab, and
• A minimum of a 2.75 overall GPA.

Retention Requirements
A student will be required to maintain a 2.75 cumulative GPA and a 3.0 GPA in the Athletic Training Core in order to remain in the clinical program and to maintain full acceptance status. A student falling short of a cumulative 2.75 GPA and/or a 3.0 in the Athletic Training Core after being fully accepted into the program, will be placed on probation and will not be permitted to enroll in any program core courses, continue to gather field experience hours, enroll in PE 174 practicum courses or officially complete clinical competencies until their GPA is returned to the minimum of 2.75 and/or 3.0 respectively. A student who is not reinstated after 2 semesters of probation may be removed from the program. Once the student is fully accepted into the program they will be required to achieve a minimum of a C in Athletic Training Core courses. Upon receiving a grade below a C, the student will be required to repeat the course during the next semester it is offered and will not be permitted to enroll in any of the following sequence courses, enroll in PE 174 practicum courses or continue their clinical progression.

Requirements for Graduation
Each student must complete all of the ATEP required General Studies courses & meet the university requirement of 45 credit hours over each content area. Each student must complete the 74 credit hour Athletic Training Program core of courses with a 3.0 average in the core. Each student must complete the 120 credit hour program with a 2.75 cumulative GPA. Each student must complete all clinical and Field Experience requirements designated for each clinical level.

Physical Education Major
Five options are available in this major:

1. Physical Education Comprehensive (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/physical-education-comprehensive-bs) - Bachelor of Science Degree
2. Physical Education PK-6 Teaching Subject Endorsement (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/physical-education-pk-6-teaching-subject-endorsement-bae) - Bachelor of Arts in Education Degree
3. Physical Education 7-12 Teaching Subject Endorsement (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/physical-education-7-12-teaching-subject-endorsement-bae) - Bachelor of Arts in Education Degree
4. Health Education 7-12 Teaching Subject Endorsement (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/health-education-7-12-teaching-subject-endorsement-bae) - Bachelor of Arts in Education Degree
5. Health and Physical Education PK-12 Teaching Field Endorsement (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/health-physical-education-pk-12-teaching-field-endorsement-bae) - Bachelor of Arts in Education Degree

A minor in Physical Education (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/physical-education-minor) is available for students pursuing majors in other disciplines.

Supplemental Endorsements are offered in Adapted Physical Education (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/supplemental-endorsement-adapted-physical-education) and Interscholastic Coaching (7-12) (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/supplemental-endorsement-interscholastic-coaching-7-12).

Students who complete one Teaching Subject Endorsement or one Teaching Field Endorsement may complete one or more Supplemental Endorsements.

Exercise Science Major
Two options are available in this major:

1. Exercise Science (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/exercise-sciences-bs) - Bachelor of Science Degree
2. Exercise Science Fitness and Wellness Comprehensive (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/exercise-sciences-fitness-wellness-comprehensive-bs) - Bachelor of Science Degree

Athletic Training Comprehensive Major
One option is available in this major:

1. Athletic Training Comprehensive (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/athletic-training-comprehensive-bs) - Bachelor of Science Degree

Recreation and Park Management Major
Two options are available in this major:

1. Recreation Management (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/recreation-management-bs) - Bachelor of Science Degree
2. Recreation, Outdoor and Event Management Comprehensive (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/recreation-outdoor-event-management-comprehensive-bs) - Bachelor of Science Degree

- Recreation Management Emphasis (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/recreation-outdoor-event-management-comprehensive-bs)
- Outdoor Pursuits Emphasis (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/recreation-outdoor-event-management-comprehensive-bs)

A minor in Recreation and Park Management (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/recreation-park-management-minor) or Event Management (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/events-management-minor) is available for students pursuing majors in other disciplines.
Sports Management Major

Two options are available in this major:

1. Sports Management Major (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/sports-management-bs) - Bachelor of Science Degree
2. Sports Management Comprehensive (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/sport-management-comprehensive-bs) - Bachelor of Science Degree

A minor in Sports Management (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/sport-management-minor) or Coaching (http://catalog.unk.edu/undergraduate/departments-programs/kinesiology-sport-sciences/coaching-minor) is available for students pursuing majors in other disciplines.

Nita Unruh (http://aunk.unk.edu/catalogs/current/fac/facultyu.asp#unruhni), Chair

Professor: Gregory Brown, Kate Heelan, Marta Moorman, Ed Scantling, Nita Unruh, Scott Unruh

Associate Professor: Megan Adkins

Assistant Professor: Bryce Abbey, Kazuma Akehi, Todd Bartee, Matthew Bice, Thomas Kropp

Senior Lecturer: Eve Scantling, Terese Sheridan

Lecturer: Kathleen English, James Hoffman, Robert Leonard, Patricia Philippi

Physical Education (PE)

PE 100 – Principles of Physical Education 2 credit hours
Introductory course for students interested in careers in health, physical education, athletic training or coaching.

PE 109 – Activity Class 1 credit hour
Any full semester course or any combination of two-week courses below may be elected for one credit. Aerobic Dancing, Archery, Badminton, Ballroom Dancing, Basketball, Bowling, Cross Country Skiing, Diving, Golf, Gymnastics, Jogging, Orienteering, Personal Defense, Pickleball, Pocket Billiards, Racquetball, Skiing, Soccer, Softball, Swimming, Tennis, Track, Tumbling, Volleyball, Wrestling, Yoga for Exercise.
Total Credits Allowed: 18.00

PE 110 – Basic Sports Activities 0.5-1 credit hours
Any full semester course or any combination of two-week courses below may be elected for one credit. Aerobic Dancing, Archery, Badminton, Ballroom Dancing, Basketball, Bowling, Cross Country Skiing, Diving, Golf, Gymnastics, Jogging, Orienteering, Personal Defense, Pickleball, Pocket Billiards, Racquetball, Skiing, Soccer, Softball, Swimming, Tennis, Track, Tumbling, Volleyball, Wrestling, Yoga for Exercise.
Total Credits Allowed: 18.00

PE 111 – Intercollegiate Sports 1 credit hour
Participation as a member of one of UNK’s varsity sports teams.
Total Credits Allowed: 18.00

PE 112 – Conditioning and Weight Training 1 credit hour
Sports specific activities for physical conditioning.
Total Credits Allowed: 10.00

PE 121 – Sports Skills for Physical Education 2 credit hours
Understanding, analysis and performance of team, racquet and lifetime sports.

PE 122 – Sports Skills for Life and Leisure 2 credit hours
The focus of this course is the course building, performance and delivery of lifetime outdoor and team building activities. The course content is designed for individuals pursuing a career in either Physical Education or Recreation.

PE 150 – Healthy Wealthy and Wise 3 credit hours
This course focuses on increasing student's understanding of the relevance of the social, economic, and environmental conditions that affect their decisions to take personal responsibility for their health. Throughout this course, students will be asked to reflect on their own health behavior, the factors that influence their behavior and development of strategies to articulate and modify behavior and improve their overall health and well-being.

PE 160 – Healthful Living 3 credit hours
Personal health principles including study of life-style related ailments: cardiovascular diseases, stress, sexually transmitted diseases (emphasis on AIDS), and substance abuse. Death and dying and aging, aspects of wellness (especially proper exercise and fitness, diet and nutrition, weight management), human sexuality, family relationships are included in course content.

PE 161 – Adapted Activities 1 credit hour
Individually prescribed activities arranged in consultation with UNK physician and/or student’s personal physician.

PE 173A – Intro to Athletic Trng 2 credit hours

PE 173B – Modalities in Athlet Trng 2 credit hours

PE 173C – Rehabilitation Tech 2 credit hours

PE 173D – Adv Top: Athletic Trng 2 credit hours

PE 174A – Athletic Training Clinical Level One A 2 credit hours
Directs students through the clinical competencies designated for the clinical level in which they are assigned. Students will be responsible for achieving demonstration of competency in a specified number of psychomotor, cognitive, and affective activities. Many of the topics addressed will be expanded in the field experience portion of the clinical education aspect of the degree program.
Prerequisite: Formal acceptance into the Athletic Training Education Program and PE 264 and PE 265 and PE 310
Additional Course Fee Required

PE 174B – Athletic Training Clinical Level One B 2 credit hours
Directs students through the clinical competencies designated for the clinical level in which they are assigned. Students will be responsible for achieving demonstration of competency in a specified number of psychomotor, cognitive, and affective activities. Many of the topics addressed will be expanded in the field experience portion of the clinical education aspect of the degree program.
Prerequisite: Formal acceptance into the Athletic Training Education Program and PE 174A and PE 264 and PE 265 and PE 310
Additional Course Fee Required
Prerequisite: PE 100 and PE 121

The development of sport and non-rhythmic activities and lessons theoretical knowledge and opportunities to apply content knowledge in the clinical level in which they are assigned. Students will be responsible for achieving demonstration of competency in a specified number of psychomotor, cognitive, and affective activities. Many of the topics addressed will be expanded in the field experience portion of the clinical education aspect of the degree program.

Prerequisite: Formal acceptance into the Athletic Training Education Program and PE 174A and PE 174B

Additional Course Fee Required

PE 174D – Athletic Training Clinical Level Two B 3 credit hours

Directs students through the clinical competencies designated for the clinical level in which they are assigned. Students will be responsible for achieving demonstration of competency in a specified number of psychomotor, cognitive, and affective activities. Many of the topics addressed will be expanded in the field experience portion of the clinical education aspect of the degree program.

Prerequisite: Formal acceptance into the Athletic Training Education Program and PE 174A and PE 174B

Additional Course Fee Required

PE 174E – Athletic Training Clinical Level Three A 1 credit hour

Directs students through the clinical competencies designated for the clinical level in which they are assigned. Students will be responsible for achieving demonstration of competency in a specified number of psychomotor, cognitive, and affective activities. Many of the topics addressed will be expanded in the field experience portion of the clinical education aspect of the degree program.

Prerequisite: PE 174D

Additional Course Fee Required

PE 174F – Athletic Training Clinical Level Three B 1 credit hour

Directs students through the clinical competencies designated for the clinical level in which they are assigned. Students will be responsible for achieving demonstration of competency in a specified number of psychomotor, cognitive, and affective activities. Many of the topics addressed will be expanded in the field experience portion of the clinical education aspect of the degree program.

Prerequisite: PE 174E

Additional Course Fee Required

PE 188 – GS Portal 3 credit hours

Students analyze critical issues confronting individuals and society in a global context as they pertain to the discipline in which the Portal course is taught. The Portal is intended to help students succeed in their university education by being mentored in the process of building their problem-solving and independent research skills. Students may take the Portal in any discipline, irrespective of their major or minor. Satisfies the General Studies Portal course requirement. Students may take their Portal course in any discipline. Students who transfer 24 or more hours of General Studies credit to UNK are exempt from taking a portal course.

Total Credits Allowed: 6.00

Prerequisite: First year freshman standing or sophomore standing only.

PE 200 – Teaching Sport Skills and Non-Rhythmic Activities 2-3 credit hours

The course will provide pre-service K-12 physical education teachers with theoretical knowledge and opportunities to apply content knowledge in the development of sport and non-rhythmic activities and lessons.

Prerequisite: PE 100 and PE 121
PE 264 – Foundation of Athletic Training  2-4 credit hours  
American Red Cross designed course providing methods of providing emergency first aid and life support to individuals suffering from illness or injury. Successful completion of each aspect of the course will qualify each student to be certified by the American Red Cross in Automated External Defibrillator, Professional Rescuer CPR for the Child, Infant and Adult, Oxygen Administration, and Preventing Disease Transmission.

Additional Course Fee Required

PE 264L – Foundation of Athletic Training Lab  0 credit hours  
Take concurrently with PE 264.

Corequisite: PE 264.

PE 265 – Emergency Medical Response  2 credit hours  
This course is designed to offer students information and skills that will prepare them for providing basic first aid and life support to individuals suffering from illness or injury. Successful completion of each aspect of the course will qualify each student to be certified by the American Red Cross in Automated External Defibrillator, Professional Rescuer CPR for the Child, Infant and Adult, Oxygen Administration, and Preventing Disease Transmission.

Additional Course Fee Required

PE 270 – Laboratory Experience in Intramurals  1-3 credit hours  
Students will be assigned to officiate in the intramural program.

Department Consent Required

Total Credits Allowed: 3.00

PE 280 – Introduction to Sport Management  2 credit hours  
This course is designed to give students an understanding and background in the various facets of the sport industry. Students will learn the relevance of sociological, cultural, historical, political, psychological, and legal concepts to the management of sport. This course will provide an overview of sport management by presenting extensive discussions of the foundational aspects of the profession and current topics from the field.

PE 305 – Fitness Leadership  3 credit hours  
This course will prepare students to become leaders in the fitness industry while obtaining skills necessary to become certified as a personal trainer or group exercise instructor.

Prerequisite: PE 150

PE 310 – Introduction to Human Physiology of Exercise  3 credit hours  
Provides a foundation of scientific basis for understanding the body’s anatomical structures and physiologic responses to acute exercise, as well as its adaptations to chronic exercise. Prior coursework in chemistry is recommended, but fundamentals in these areas will be reviewed when necessary. Lecture and lab format.

Additional Course Fee Required

PE 325 – Motor Learning and Development  3 credit hours  
Course will address changes in motor behavior over life span with emphasis on childhood through adolescence. Learning of motor skills addressed with particular emphasis on factors of instruction that can be manipulated to ensure acquisition of motor skills.

PE 328 – Water Safety Instructor  3 credit hours  
Preparation in management and maintenance of swimming pools and methods of swim instruction. Red Cross Water Safety Instructor Certificate may be awarded at the discretion of instructor.

Additional Course Fee Required

PE 329 – Introduction to Health Promotions  3 credit hours  
Concepts of wellness/fitness with emphasis on stress management, smoking cessation, medical self-care, fitness programming for all ages.

PE 330 – Volleyball Theory  2 credit hours  
Individual and team play for prospective coaches.

PE 331 – Football Theory  3 credit hours  
Offenses and defenses for a high school team. Administration of a complete season of practices and games.

PE 333 – Basketball Theory  3 credit hours  
Individual and team play for prospective coaches.

PE 334 – Track Theory  3 credit hours  
Techniques, form and training schedules for track and field events, including administration of track meets.

PE 337 – Baseball/Softball Theory  3 credit hours  
Skills, strategies, and problems of coaching a high school team.

PE 340 – Non-Rhythmic Physical Education  1 credit hour  
Techniques of teaching: Fundamental movement skills, sport skills, low organized games, physical fitness, rope jumping, creative movement.

PE 350 – Therapeutic Modalities in Athletic Training  3 credit hours  
Training in the practice and use of a variety of therapeutic modalities in the treatment of athletic injuries will be presented. Typical symptoms and common clinical signs associated with athletic injuries/conditions will be investigated as well as common contributing etiological factors.

Prerequisite: PE 174A and PE 405

PE 350L – Modalities in Athletic Training Laboratory  0 credit hours  
Take concurrently with PE 350.

Corequisite: PE 350.

PE 360 – Introduction to Anatomical Biomechanics  4 credit hours  
Structure and function of the human skeleton, muscles and joints, analysis of human movement as applied to sports and physical education.

Prerequisite: PE 310 or BIOL 215 or BIOL 225 or permission of instructor

Additional Course Fee Required

PE 361 – Integrating Movement and Dance  1 credit hour  
This course is about the integration of movement and dance across the pre-school through grade six curriculum.

PE 369 – Remedial and Adaptive Physical Education  2-3 credit hours  
Study of physical, mental and emotional impairments which limit human performance. Treatment of injuries and disabilities through remedial exercises. Prior completion of PE 360 is recommended.

Total Credits Allowed: 3.00

PE 370 – Administration of Intramurals  1-3 credit hours  
Student will perform administrative responsibility for the intramural program.

Department Consent Required

Total Credits Allowed: 3.00

PE 373 – Field Experience in Secondary School Physical Education  2 credit hours  
Student will be assigned as an assistant teacher or coach in an area secondary school. (Credit/No Credit.)

Department Consent Required

PE 374 – Field Experience in University Physical Education  1-3 credit hours  
Student will be assigned to assist a UNK instructor with a physical education activity.

Department Consent Required

Total Credits Allowed: 3.00
PE 375 – Rehabilitation Techniques in Athletic Training  4 credit hours
An examination of the basic components of a comprehensive rehabilitation and reconditioning program. Subjects to be covered include: determining therapeutic goals and objectives, methods of evaluating and recording rehabilitation progress, creation and implementation of therapeutic exercise protocol for common athletic injuries and the development of criteria for progression and return to competition.
Prerequisite: PE 174A and PE 174B and PE 405 and PE 406 and PE 264 and PE 350

PE 375L – Rehabilitation Techniques in Athletic Training Laboratory  0 credit hours
Take concurrently with PE 250.
Corequisite: PE 375.

PE 380 – Diagnostic-Prescriptive Techniques for Adapted Physical Education  3 credit hours
Evaluation instruments utilized in adapted physical education will be described and critically analyzed. Students will acquire competencies related to administration of these instruments, interpretation of results, and prescription of remedial or developmental activities.

PE 388 – GS Capstone  3 credit hours
An interdisciplinary experience where students apply the knowledge, cognitive abilities, and communication skills they have gained from General Studies in designing and completing an original project or paper. Students employ methods and interpretive means of two or more disciplines to integrate knowledge and synthesize their results. Satisfies the General Studies capstone course requirement. Students may take their Capstone course in any discipline.
Prerequisite: Junior or senior level standing or within 6 hours of completing general studies requirements.

PE 401 – Psychology of Sport  3 credit hours
Study of psychological principles and theories of athletics.

PE 402 – Sociology of Sport  3 credit hours
Background in sport history/philosophy, sport sociology, sport in society, minorities and women in sport, as sport has evolved in American society.

PE 403 – Sports Economics  3 credit hours
In-depth examination of economic impact organized intercollegiate and professional athletics and sports play in lives of individuals communities, institutions and nations. Comprehensive investigation of financial inputs and values into nation’s economy from sport and leisure industry and potential for growth.

PE 405 – Athletic Injury Assessment I: LE  3 credit hours
A comprehensive study of the commonly accepted techniques used to clinically evaluate athletic injuries/conditions of the trunk and lower extremity, for the purpose of determining the type and severity so that appropriate injury management and referral may occur. Typical symptoms and common clinical signs associated with athletic injuries/conditions will be investigated as well as common contributing etiological factors.
Prerequisite: Acceptance into the ATEP and completion of PE 264.
Corequisite: PE 174A and PE 360.

PE 406 – Athletic Injury Assessment II: UE  3 credit hours
A comprehensive study of the commonly accepted techniques used to clinically evaluate athletic injuries/conditions of the head, spine and upper extremity, for the purpose of determining the type and severity so that appropriate injury management and referral may occur. Typical symptoms and common clinical signs associated with athletic injuries/conditions will be investigated as well as common contributing etiological factors.
Prerequisite: PE 174A and PE 405

PE 407 – Compliance and Governance in Sport  3 credit hours
With the growing recognition and the critical roles of sport governing bodies, there is a significant need for properly trained sport administrators who wish to occupy leadership positions within the broad organizational setting of sport. This Compliance and Governance in Sport course is designed to provide current or future sport administrators with theoretical and practical knowledge in governance principle and organizational theory, structure, policy, function, and issue involving a wide spectrum of sport organizations today. The evolution of power and political activity engulfing sport organizations is also examined as well as concepts on leadership and management related to the sport administrative contexts. Furthermore, current policy areas facing different types of governing bodies are exposed to broaden the student’s perspective on organizational leaders in the profession.

PE 419 – Pathology of Sport Injury  1 credit hour
Provide and develop fundamental knowledge related to clinical pathology in sports. Primary emphasis will be placed upon the orthopedic aspects of injury and/or pathology related to each tissue structure such as bone, ligament, tendon, muscle, and nerve. Various properties of tissue structures and tissue response will also be analyzed.
Prerequisite: PE 310 or BIOL 225 and BIOL 226

PE 420 – Methods in Health and Physical Education  3 credit hours
Applies principles of teaching elementary and/or secondary school physical education and health.
Prerequisite: Admission to Teacher Education.

PE 421 – Administration of High School Athletics  2 credit hours
Administrative practices with which the high school coach needs to be familiar. Includes regulations of Nebraska School Activities Association.

PE 422 – Administration of Strength Programs  2 credit hours
Principles and procedures for administering a strength program at the high school level.
Prerequisite: PE 360 or permission of instructor

PE 425 – Legal Aspects of Sport and Recreation  3 credit hours
Comprehensive examination of legal issues which influence formulation and modification of policies controlling operations of athletics/physical education programs at collegiate level recreation programs, and professional sports programs.

PE 426 – Instructional Strategies in Adapted Physical Education  3 credit hours
Detailed study of effective strategies for integration of handicapped students into activities of the regular class, strategies for individualizing instruction and procedures for implementation of objective-based instruction.

PE 428 – Middle School and High School Physical Education Methods  3 credit hours
Program and techniques for teaching middle and secondary school physical education.
Prerequisite: PE 220
PE 429 – Marketing in Sport, Recreation and Events  3 credit hours
With the growing competitive and rapidly changing sport business marketplace, sport organization managers need for properly trained sport marketing professionals to attract and retain consumers, thereby better securing their revenue streams as well as shareholder value. This Marketing in Sport, Recreation and Events course is designed to provide future sport marketing professionals with theoretical and practical knowledge in marketing principles, management, and issues facing the sport industry managers and organizations today. This course will primarily focus on the application of several key marketing strategies and tactics utilized in the contemporary organizations to promote both sport as medium and sport as product. Overall, this course is intended to prepare students who can assume responsible marketing positions with skills of application and demonstration for the complex nature of today’s sport business marketplace.

PE 430 – Organization and Administration in Recreation, Sport and Events  3 credit hours
This course is designed to emphasize the desirable skills needed for an administrator in the areas of sport, athletic training, recreation, and event management. Topics to be covered will include management, leadership, organizational development, administration principles, policies and procedures, communication and legal aspects.

PE 441 – Elementary Physical Education Methods  3 credit hours
Teaching and organization activities and methods for elementary grades. Includes consideration of the exceptional child and early childhood education.
Prerequisite: PE 200

PE 450 – Curriculum and Assessment for Physical Education  3 credit hours
Curriculum organization and administrative procedures for a secondary school physical education program. Student should have completed basic sports requirement prior to enrollment.
Prerequisite: PE 100 or PE 221

PE 459 – Special Topics Gross Anatomy  3 credit hours
Designed for in-depth understanding of anatomy as it relates to movement or work. Student will utilize and assist in dissection of human cadavers.
Total Credits Allowed: 6.00
Prerequisite: PE 360 or BIOL 225 and BIOL 226
Additional Course Fee Required

PE 460 – Gross Anatomy of Movement  3 credit hours
Designed for in-depth understanding of anatomy as it relates to movement or work. Student will utilize and assist in dissection of human cadavers.
Prerequisite: PE 360 or BIOL 225 and BIOL 226
Additional Course Fee Required

PE 461 – Physiology of Exercise  4 credit hours
Physiological processes of body as pertain to physical activity. How trained and untrained individuals differ, and importance of training. Department Consent Required
Prerequisite: Grade of "C" or above in PE 310 or BIOL 215 or BIOL 226 and by permission only
Additional Course Fee Required

PE 463 – Health Safety Elem School  3 credit hours
Curriculum development, teaching methods and selection of learning materials for health instruction in the elementary school.
Prerequisite: PE 160 or PE 150

PE 464 – Secondary School Health  3 credit hours
Developing a curriculum in secondary school health. Health services and environment for health in the secondary school are discussed.
Prerequisite: PE 160 or PE 150

PE 467 – Fitness Testing  3 credit hours
Techniques and theory of testing for personal fitness. Measures include vital capacity, body density, stress testing, aerobic and anaerobic fitness.
Prerequisite: Grade of C or above in PE 461
Additional Course Fee Required

PE 468 – Public Health Aspects of Physical Activity  3 credit hours
Trends and situations in sport, fitness and wellness settings with practical applications from exercise physiology.
Department Consent Required
Prerequisite: A grade of "C" or above in PE 329 and PE 467 or permission of the instructor

PE 469 – Sports Nutrition  3 credit hours
Metabolism and metabolic regulation, the influence of dietary practices on human performance.
Prerequisite: Grade of C or above in PE 461 and FSID 110 or permission of instructor
Additional Course Fee Required

PE 470 – General Medical Conditions and Pharmacological Application in Sport and Exercise  2 credit hours
This course will offer students an opportunity to learn about pathological factors that are involved in general medical conditions that affect athletes and performance.
