

DEANS' LIST

During the spring and fall semesters, the Deans' List is established to honor undergraduate students for their academic achievements. Students who have completed at least 12 credit hours during the semester with a 3.5 or better semester GPA are eligible. Courses taken on a credit/no credit (<http://catalog.unk.edu/undergraduate/academics/academic-regulations/grading-options/>) basis are not included among the necessary 12 credit hours. Students on the Deans' List may obtain their certificate of recognition from their respective Dean's office after the first month of the following semester. Students without a declared major are under the Dean of Arts and Sciences.
