STATISTICS (STAT)

STAT 235 – Introduction to Statistics for Social Sciences  3 credit hours
An introduction to statistics for educational and sociological research. The course will include descriptive statistics, normal distribution and an introduction to correlation and hypothesis testing. Prerequisite: Completion of MATH 101 or MATH 102 or MATH 115 or MATH 123 or Math ACT score of 20 or greater.

STAT 241 – Elementary Statistics  3 credit hours
An introduction to statistical concepts and methods. Not open to department majors. Prerequisite: MATH 101 or MATH 102 or MATH 123 or MATH 115 or ACT Math score of 20 or greater.

STAT 345 – Applied Statistics I  3 credit hours
Descriptive statistics; statistical inference using the binomial, normal, F and Chi Square distributions; and analysis of variance topics. Recommended for departmental majors as the beginning applied statistics course. Prerequisite: MATH 115 or MATH 123

STAT 399 – Internship  1-4 credit hours
On the job experience designed to complement the major. Internships are available only in selected areas. Consult with departmental advisor. (Credit/No Credit) Total Credits Allowed: 4.00 Prerequisite: MATH 115 or MATH 123

STAT 437 – Computer Analysis of Statistical Data  3 credit hours
The analysis of data taken from the social sciences. The computer will be a tool for the course. Prerequisite: STAT 241 or STAT 345

STAT 441 – Probability and Statistics  3 credit hours
The mathematical development of discrete and continuous probability distributions including multivariate distributions, moments and moment generating functions, the special discrete and continuous probability distributions, the normal distribution, sampling distributions, and hypothesis testing. Prerequisite: MATH 260

STAT 442 – Mathematical Statistics  3 credit hours
A continuation of STAT 441. The further mathematical development of special probability densities, functions of random variables, sampling distributions, decision theory, point and interval estimators, hypotheses testing, and covariance. Prerequisite: STAT 441

STAT 495 – Independent Study in Statistics  1-3 credit hours
An individual investigation by the student of topics not included in the normal statistics offerings. Department Consent Required Total Credits Allowed: 3.00
