ENVIRONMENTAL SCIENCE MINOR

Offered by Department of Biology (http://catalog.unk.edu/undergraduate/departments-programs/biology/), Department of Geography (http://catalog.unk.edu/undergraduate/departments-programs/geography/), and Department of Political Science (http://catalog.unk.edu/undergraduate/departments-programs/political-science/)

The Environmental Science minor offers students from any major the opportunity to obtain a strong background in subjects that impact this field. The objectives of this minor are:

1. to increase the student’s technical knowledge and methodological skills in Environmental Science;
2. to provide students with scientific knowledge and skills necessary for success in post-baccalaureate environmental science education and careers within the field.
