

PRE-DENTAL HYGIENE

Offered by Health Science Programs (<http://catalog.unk.edu/undergraduate/departments-programs/health-science-programs/>)

The following two-year program is based on the requirements of the University of Nebraska Medical Center's College of Dentistry in Lincoln, Nebraska. While other dental hygiene programs may be similar, the student is urged to contact the specific school of his or her choice to determine any suggested variations of this pre-professional schedule. Students must apply for positions in dental hygiene programs and the competition is intense. Therefore admission is never guaranteed.

Code	Title	Credit Hours
Requirements		
BIOL 103	General Biology	4
BIOL 211	Human Microbiology	4
BIOL 225	Anatomy and Physiology	4
BIOL 226	Anatomy and Physiology	4

Select approved electives to reach a total of 60 credit hours. ¹		18
Total Credit Hours		60

Completion of a minor--students enrolled in the College of Dentistry at UNMC pursuing a major in Dental Hygiene must also complete a minor in order to meet graduation requirements of the College of Dentistry. The 12 credit hour series of courses taken while at UNK count as one-half of the minor. The second half of the minor will be in biology and will be completed at the College of Dentistry.

Other requirements for admission to the University of Nebraska College of Dentistry include a total of 60 credit hours and a scholastic standing of at least 2.5.

1

Except courses numbered 188 or 388.

Electives must include 6 credit hours of Humanities/Fine Arts and 3 credit hours of Social Sciences.

Electives must also include a 12 credit hour series of courses in a specific area of study that interests the student. These courses will count toward the minor required by the UNMC College of Dentistry.
