A minimum “C” grade is required in all courses required by the major, including general studies and Bachelor of Science-related course requirements. All students graduating with a degree in Psychology must take at least 50% of the Psychology courses at UNK (PSY designated courses only).

For departmental assessment purposes, all students will be required to complete a comprehensive examination in Psychology during their final semester.

**Major Option**

Designated courses with the appropriate content may be approved to satisfy one of the Broad Knowledge requirements plus LOPER 9 or Broad Knowledge plus LOPER 10. Courses may be approved to satisfy LOPER 9 or LOPER 10 alone. (Courses satisfying LOPER 9 or LOPER 10 alone must be 3 credit hours.) Students applying this option will need to take additional hours in other categories to meet the required GS hours.

Select two science courses (minimum of 6 credit hours) in addition to the course used to satisfy the General Studies requirement in the Natural Sciences. Students should plan these courses with their advisor. Courses from BIOL, CHEM, CYBR, GEOG (as a Natural Science), MATH (MATH 115 or above), or PHYS are considered science-related courses.

A minor or second major is required for a complete degree program. The number of required electives needed to reach 120 total credit hours overall will depend upon the specific program chosen.

No more than 3 credit hours from: PSY 230, PSY 231.
