Part of Student Affairs, the Office of Student Diversity and Inclusion is located in the Nebraskan Student Union. The Office of Student Diversity and Inclusion supports student success through programs and services that foster an affirming environment for all students. Their programming promotes an intersectional climate conducive to educational achievement. The office also provides leadership development opportunities, scholarship opportunities, and individualized success mentoring which are all centered on a global perspective of learning.

The office serves currently enrolled students in defining and fulfilling personal and educational goals.

Educational, cultural, and social programs are open to all students, faculty, and staff at UNK. Our student organizations plan events to celebrate various social and educational cultural events throughout the year.
